Maths 2026-7

Year	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
7	Algebraic thinking	Place value & proportion	Applications of number	Directed number Fractional thinking	Lines & angles	Reasoning with number
8	Proportional reasoning	Representations	Algebraic techniques	Developing number	Developing geometry	Reasoning with data
9	Number	Algebra	Statistics	Fractions, ration and proportion	Angles	Revision
10	Area and volume	Algebraic graphs	Transformations and constructions	Probability Multiplicative reasoning	Pythagoras and trigonometry	Quadratics graphs and simultaneous equations Similarity, congruence and vectors
11H	Trigonometry	Algebra Circle Theorems	Proportions and Graphs	Revision	Revision	
11F	Fractions, indices and standard form	Algebra	Revision	Revision	Revision
